

# ECOS CLASSECO SIZE GUIDE

Do not worry if you can not find desired size, we will make sure that your room perfectly fits your garden, because every garden room is individually designed, manufactured and built to your specific requirements. And because ecos here not to sell you a garden room, but to provide you with the perfect solution you need – there are no extra fees for personal garden room design.

In order to provide the most competitive price, we do not guesstimate your garden room price but provide very accurate quotation based not only on your individually designed model but also taking into account current material price fluctuations, so please do not hesitate to contact us for your up to date quotation.
